Case No. CIV-19-187-R

Writ Of Habeas Corpus

On the behalf of my well-being I'm writing this writ of habeas Corpus because the Cruel and Unusual Punishment that has been being Dishd out amongst my stay in Oklahoma County Detention officers that I truly know knowingly and willingly Put together a Premeditated Assault Against me by passing Sedation Meds and Anesthetics and or tranquilizers Then neglected and violated there oath by not following proper agenda of investigating the Assaults of not only me even other inmates sending instruction of Assault and or passing Dangerous contraband such as those Tranquilizers and sedation products Knowing they have been performing surgical operations or inserting medical devices by the way of instructing through the tablets or smaller devices serious as the type surgery's Done to

The woman whom had a brain surgery
 from her growing up to her brain
 brain stuck and whatever surgeries
 that can be done through the mouth
 or rectum I've been on the cells
 and pods 2014 10D19 2C6 8A6 8D32
 which I signed for County time and I
 was placed around the inmates going to
 prison which I don't know if that's where
 they place inmates on or serving County time
 I know if you check the camera review
 and or reports on the criminal crime
 tip hotline 8D32 is the cell I'm in now although
 upon affiliation amongst the 24Karat and Grape Street
 Crips I was taken off 24Karat by Grape Street
 Crips and 24Karat when staying at 1646
 Westwood Ave it should be in Faith Mahon
 moving reports Although one of the members
 whom assaulted me was a white boy
 from 24Karat or Grape Street so upon the
 event of the cruel and unusual punishment
 being dished out by the detention officers
 you should check that event as of family
 members of those members due to me knowing
 some of the 24Karats are informants
 involved with Aryans and IBH members due to
 certain family of members of the 24Karats
 Crips and Grape Street Crips whom put me off
